

YALSA'S MISSION

Our mission is to support library staff in alleviating the challenges teens face, and in putting all teens – especially those with the greatest needs – on the path to successful and fulfilling lives.

Your Ideas...

Write them here!

This project is generously funded by the
Institute of Museum & Library Services.

Mineral County Library's Mission

It is the mission of the Libraries to provide library services for the betterment, education, and entertainment of the entire spectrum of this community, thereby enabling patrons and visitors to know and develop their potential through the benefits of effective library services.

Let's Talk

Future Ready With The Library

WHAT?!?!?!?

The Young Adult Library Services Association (YALSA) , in partnership with the Association for Rural and Small Libraries (ARSL), is implementing an innovative project that will build the capacity of small, rural and tribal libraries to provide college and career readiness (CCR) services for and with middle schoolers.

Seriously— What?!?!?

Mineral County Library was chosen to work with 19 other rural, small and tribal libraries across the country to create programs that will help prepare students for college and/or a career! It's quite the honor that we were chosen and we are all very excited to bring this to our community.

So what is the program?

The possibilities are endless!

What the program becomes depends on you!

Mineral County Library will be hosting an open meeting for the community to attend. Let us know what you feel the children in our community need in regards to CCR services. Some possibilities include:

- Social Emotional Learning Skills
- Social and Work Etiquette Skills
- Job Shadowing Program
- Database Instruction (research and test prep)

Whether we create a completely new program or help to bolster an existing program at the library or within the community will depend on your input.

I'm really Excited about this - when is the meeting?

That's a great question!

Monday, March 20th 2017

@ 5:30 pm

At the Mineral County Library

Friends of the Library will generously provide food for the event - because we cannot properly brainstorm on an empty stomach.

YES, you can and should bring your middle school children (you can come even if you don't have a middle schooler). They have the right to be heard as well. You can even bring a dreaded high schooler if they have ideas on what might have better prepared them at that age.
